# Untouched by Human Hand - The Impact of Automation and Robotics in the Food Industry

**15 October 2009** - University of Warwick, Coventry

Are you aware of the latest robotic technology that can help your business?  
Can your business afford not to take advantage of the latest automation?

This one day seminar provides information on how robotics and automation technology is benefiting businesses in all areas of production:-

- Robot technology in Bottling & Packaging
- The role of technology in operational efficiency
- De-risking the introduction of automation in packing and picking
- Automation for the end of line
- Automation journey over the past 5 years
- The food factory of the future
- Tour of Warwick's robotic facility

To book your place on this Seminar print the booking form overleaf and fax back to the PPMA on:-  
020 8773 0022 or
