

FREE Machinery Safety Workshop!

How safe is your machinery?

This is one of the most important questions that can be asked in UK industry and by not knowing the answer, you could be breaking the law and putting your employees at risk.

Attending our **FREE** Interactive Safety Workshop is an excellent way of finding out about current and future legislation and guidelines as well as discovering the best safety solutions on the market.

For an added benefit, each workshop is **FREE** to attend. Consider the human cost and you'll wonder why you haven't attended one before.

Who should attend?

- Mechanical or electrical engineers involved in specification, design, maintenance or modification of machinery
- Managers responsible for production, maintenance or design of factory equipment.
- Anyone else connected with specifying and purchasing machinery and equipment!

The workshop is designed to be practical, showing not only the problems associated with machinery safety, but also providing reasonable, cost effective solutions.

**Faxback the form today to
book your place, but hurry,
space is limited!**
