

Machinery Guarding

14 November 2019 - Hilton Hotel, Warwick

SPECIAL DISCOUNTS FOR MEMBERS - ONLY £195 PER DELEGATE

Machinery Guarding: The Application of EN Standards

This one-day seminar provides an overview of the changes and the regulations. Machinery Directive 2006/42/EC includes machine guarding on the indicative list of safety products that require CE Marking. Companies who want to add additional guarding need to be aware of their responsibilities under the Machinery Directive especially if they are making and installing the guarding themselves.

Areas covered include:

- Overview of CE and PUWER with respect to guarding
- Introduction to EN Standards
- Risk Assessment
- Safety Related Control Systems
- EN ISO 14120
- EN ISO 13855
- EN ISO 13857

To book, complete the booking form and return to Christine Jordan
